TRANSPORT EVOLUTION AFRICA FORUM AND EXPO

As Durban readies itself to host the Transport Evolution Africa Forum and Expo 2023 , we are reminded about the significance of our strategic position as the Gateway to Africa and the rest of the World. As a port City, the harbour provides a leading export service to the rest of Southern Arica.

The City of Durban fully supports and endorses the Transport Evolution Africa as the key meeting place on the continent for buyers and sellers in the ports, rail and roads infrastructure sectors.

Hosting an event of this magnitude , forms an integral part of our strategy to promote our City as a leading trade, tourist and events destination of choice.

On behalf of the City of Durban , I extend a warm welcome to all delegates , exhibitors , sponsors and visitors attending the Transport Evolution Africa 2023. The City of Durban is ready to host you in Africa's largest ports , road and road event.

Once again welcome to Durban. THE WARMEST PLACE TO BE.

Yours sincerely

Eric Apelgren
